

CAPITALISM BREAKS MY HEART

STOP EVICTIONS!

Anarchists want:

More copies can be downloaded from www.zabalaza.net

- ★ Resident self-management of housing
- ★ Community control over land use and development
- ★ Removal of land and housing from the speculative market
- ★ Making sure in the short term that housing remains permanently affordable for low- to moderate-income households, that is, to working class people

Each person is to have a say over decisions that affect them and a degree of say in proportion as they are affected. People who live in a dwelling are more impacted by the decisions about what goes on there than anyone else; so, they should have control over what goes on in their space.
